

It's time to choose a new health plan. And we can help.

Starting on April 1, 2011, Blue Cross & Blue Shield of Rhode Island (BCBSRI) is introducing an entirely new portfolio of health plans with features and benefits designed especially for small businesses. The chart on the right shows the new plans that are most comparable to our existing plans, as well as our new prescription drug plan options.

You can easily transition into a new plan by either:

- Selecting a plan from our new portfolio and notifying BCBSRI before your plan renewal date, or,
- Allowing us to automatically move you into the new plan that corresponds with your current coverage (see chart).

If you have any questions about our new plan portfolio, please don't hesitate to contact your broker or BCBSRI account representative.

Current plan	NEW plan effective upon renewal beginning April 2011
BlueCHiP 10	VantageBlue 100/80 250
BlueCHiP 10/20	
BlueCHiP 15/25
